- Grade 1 Tea Party.

Knowledge  
is  
Power

## Principal's Message:

Dear Students,

As you embark on your journey through exams, I want to take a moment to remind you of the incredible potential that resides within each of you. You have worked tirelessly throughout the term, dedicating countless hours to learning, growing, and expanding your knowledge.

Now is the time to put your skills and abilities to the test, to demonstrate just how far you've come and how much you've learned. But remember, success is not measured solely by the grades you receive on a piece of paper. It is measured by the determination, perseverance, and resilience you exhibit in the face of challenges.

In the days and weeks ahead, you may encounter moments of doubt, moments where the path ahead seems daunting and the obstacles insurmountable. But I urge you to dig deep, to draw upon the strength and courage that lies within you, and to press forward with unwavering resolve.

Remind yourself of your goals, your aspirations, and the dreams that fuel your passion for learning. Let them serve as beacons of light, guiding you through even the darkest of times.

Remember, exams are not merely a test of your knowledge, but a testament to your ability to overcome adversity and rise to the occasion. Each question is an opportunity to showcase your understanding, your creativity, and your unique perspective on the world.

So stay strong, stay focused, and above all, believe in yourself. You have the power to achieve greatness, to surpass even your own expectations, and to emerge from this challenge stronger and more resilient than ever before.

And remember, no matter the outcome, you are worthy, you are capable, and you are enough.

Wishing you all the best as you tackle your exams with courage, confidence, and determination.  
You've got this!

Have a lovely weekend!  
God Bless,  
Mrs A Coetzee
